Aditya Nagar, ADB Road, Surampalem - 533 437, E.G. Dist., Ph: 99631 76662.

## Annual Alumni Report for the A.Y:2017-2018

ACE, Surampalem, has arranged many collaborative sessions for the current students with the college Alumni during this academic year. Alumni played an important role in organizing the academic talks in the respective department.

ACE, Surampalem, organized Alumni Meet on 10<sup>th</sup> January 2018. The date of this Meet was declared in the month of December itself and the news spread far and wide. Many of the alumni played active role in contacting their batch mates and others. The Meet was attended by 64 alumni of various batches that graduated in year 2012 (First Graduating Batch) to 2017. It was a great pleasure to know about their accomplishments in professional lives. Most of them were visiting their Alma Mater for the first time since their graduation, and naturally were thrilled to be back in the campus again. About twenty four alumni attended the Meet with their spouses and children and were very excited to know that their stay arrangement was made in the Hostels where they once lived. They very proudly took their families around the campus and showed the places where they lived and spent time.

Dr. T. Ramakrishna Rao welcomed the Chief Guest, Alumni, and their families during his remarks at the inaugural celebration. He claimed that alumni serve as the institution's brand ambassadors and that a strong bond must be built and fostered. The alumni attended their respective departments following the lunch session. Each department's HOD showed the group around its numerous laboratories and other facilities while describing the most recent developments and activities. Following the presentation, a conversation about upcoming advancements took place, and alumni had a lot of suggestions for the course syllabus, lab improvements, etc. They also offered their assistance in helping the Department expand.

The meeting of the Alumni Association was held on the morning of second day (12<sup>th</sup> Jan) at about 10.00 A.M. in the seminar hall. In this meeting, principal, Alumni committee, and HODs also participated. It was also decided to create an Alumni Fund to provide scholarships to the needy students. The Principal apprised the Alumni about the recent progress of ACE and sought their assistance in providing better training/education to students. Many of the Alumni expressed their willingness to help ACE in training, placement, development of modern laboratories, and delivery of expert lectures in emerging areas of technology.

A feedback was also collected from alumni regarding the organizational aspects of the Meet and their suggestions for improvement in professional training at ACE. The Alumni Meet closed at a very emotional note. However, everyone appreciated the efforts by the ACE in organizing the Meet. Everyone departed with the resolve to visit again and spread the message amongst all who could not visit this time.
