## Annual Alumni Report for the A.Y:2018-2019

This academic year, ACE, Surampalem, has organized numerous sessions where current students can work with college alumni. The academic discussions in each department were well-organized thanks in large part to alumni.

The Surampalem ACE hosted an Alumni Meet on January 11, 2019. The date of this meet was announced in December itself, and word of it quickly went viral. Many of the graduates took an active part in reaching out to other alumni and members of their class. 155 alumni from various graduating batches from the years 2012 (First Graduating Batch) to 2018 participated in the reunion. It was a great pleasure to know about their accomplishments in professional lives. Most of them were visiting their Alma Mater for the first time since their graduation, and naturally were thrilled to be back in the campus again. About thirty two alumni attended the Meet with their spouses and children and were very excited to know that their stay arrangement was made in the Hostels where they once lived. They very proudly took their families around the campus and showed the places where they lived and spent time. Addressing the Inaugural function Principal, Dr.T.Ramakrishna Rao, welcomed the Chief Guest, Alumni and their family members. He said that Alumni are the brand ambassadors of the Institution and a very vibrant relationship must be established and nurtured. In the post lunch session, the alumni visited their respective departments.

The HODs of each department took them around the various laboratories and other departmental facilities and presented the recent progress and activities. After the presentation, discussion on the future developments ensued and alumni came up with many suggestions regarding the syllabus of courses, laboratory development etc. They also offered their services in the growth of Department. The meeting of the Alumni Association was held on the morning of second day (12<sup>th</sup> Jan) at about 10.00 A.M. in the seminar hall. In this meeting, principal, Alumni committee, and HODs also participated. It was also decided to create an Alumni Fund to provide scholarships to the needy students. The Principal apprised the Alumni about the recent progress of ACE and sought their assistance in providing better training/education to students. Many of the Alumni expressed their willingness to help ACE in training, placement, development of modern laboratories, and delivery of expert lectures in emerging areas of technology.

Alumni comments on the Meet's organizational details and their recommendations for enhancements to ACE's professional training programs were also gathered. The Alumni Meet came to an emotional conclusion. However, everyone recognized the ACE's efforts in planning the Meet. Everyone left vowing to return and spread the word to everyone who was unable to attend this time.
